Parent Roadmaps for the Common Core State Standards

The Council of the Great City Schools has developed content and grade-specific **parent roadmaps** that provide detailed information for parents about the expectations of the Common Core in English Language Arts and Literacy. These roadmaps include examples of grade-level focus in the content area using parent-friendly language, sample progressions of learning across three grade levels in the Common Core, and tips to parents on communicating with teachers about their child's work and how to support student learning at home. Grades K-8 Parent Roadmaps for English Language Arts and Literacy have been posted and Spanish-language versions are available in grades K-5. More translations will follow throughout the school year, and high school-level guides will be posted later this fall.

Khan Academy

With over [3,200 videos](#) on everything from arithmetic to physics, finance, and history and [hundreds of skills to practice](#), Khan Academy is [on a mission](#) to help you learn what you want, when you want, at your own pace. The Khan Academy is an organization on a mission. They're a not-for-profit with the goal of changing education for the better by providing a free world-class education to anyone anywhere.

All of the site's resources are available to anyone. It doesn't matter if you are a student, teacher, home-schooler, principal, adult returning to the classroom after 20 years, or a friendly alien just trying to get a leg up in earthly biology. The Khan Academy's materials and resources are available to you completely free of charge.

Common Core State Standards Resources from the PTA

The *Parents' Guide to Student Success* (listed on this site in English and Spanish) was developed in response to the [Common Core State Standards](#) in English language arts and mathematics that more than 40 states have adopted. Created by teachers, parents, education experts, and others from across the country, the standards provide clear, consistent expectations for what students should be learning at each grade in order to be prepared for college and career.
